

## THE PLAYWRIGHT'S PROJECT STATUS REPORT

Considering that we have a number of active writers, we have created The Playwright's Project Status Report to help get a better handle on the projects our writers have for developing at Blueberry. The Playwright's Project Status Report is an Excel spreadsheet that you can use to give us more details about your projects. This report helps us to better plan for Labs, Readings, One Act presentations, Second and Main Stage productions. We also hope it's a way for our writers to keep track of how their work fits into Blueberry's workflow.

Please email all requests for and submissions of The Playwright's Project Status Report to [blueberrypond@earthlink.net](mailto:blueberrypond@earthlink.net).

Here are the categories of information included in the report (each category represents a column heading on the spreadsheet):

**Playwright**

**Title**

**Full Length or One Act**

**Comedy or Drama**

**No. of Characters**

**Status for Lab**

**Production History**

**Synopsis**

**Comments (to be filled in by Forest)**
